
Pacing Guide AB Pre Algebra

2025-2026

These are the units of study we will explore throughout the course. The time spent on each unit will depend on students' understanding and mastery of key concepts, allowing for a flexible pace that supports both individual and group learning needs. Each unit builds upon the last, helping students strengthen essential skills and deepen their comprehension through reading, writing, discussion, and creative expression.

- 1. Equations*
- 2. Transformations*
- 3. Angles and Triangles*
- 4. Graphing and Writing Linear Equations*
- 5. Systems of Linear Equations*
- 6. Data Analysis and Displays*
- 7. Functions*
- 8. Exponents and Scientific Notation*
- 9. Real Numbers and the Pythagorean Theorem*
- 10. Volume and Similar Solids*
