Course Description: Welcome to our third-grade math class!! Our mission is to boost math fluency and problem-solving abilities through activities and projects. Aligned with Common Core Standards, this course is designed to make math fun and engaging while building essential skills.

In this course, students will:

- Deepen their understanding of key math concepts related to place value, multiplication, division, measurement, data, fractions, and geometry.
- Apply math skills to real-world scenarios, fostering critical thinking and communication skills.
- Engage in math projects crafted to spark creativity, collaboration, and problem-solving.

Course Units

UNIT 1: ADDITION & SUBTRACTION W/ & W/OUT REGROUPING

UNIT 2: MULTIPLICATION

UNIT 3: DIVISION

UNIT 4: AREA & PERIMETER

MID-TERM PROJECT

UNIT 5: FRACTIONS

UNIT 6: GRAPHS & DATA

UNIT 7: MEASUREMENTS (MASS & VOLUME)

FINAL PROJECT

Course Expectations: Come to class prepared to learn in a quiet environment, be on time, participate in class, submit work in a timely manner, treat others with respect with both actions and words, and ask for help when needed.

Grading Scale

Elementary School, Grades K-5

- EE – Exceeding grade level expectations
- ME – Meeting Grade Level Expectations
- AE – Approaching Grade-Level Expectations
- LE – Lack of Evidence Needed to Assess Grade-Level Expectations
- WTG – Working Toward Personal Goals Outlined in a Student’s IEP

Final grades are determined by the quality and completion of assignments, attendance, and participation.

Important Branches Learning Policy Information

Camera Policy

Branches Learning requires students to keep their cameras on during live classes unless otherwise instructed by the teacher. Exceptions can be made in rare circumstances if the course teacher, supervising teacher (HST), and the parent all approve a camera waiver.

Headset Policy

Students attending live classes from a shared space must have a headset with a microphone to ensure the class is not disrupted by background noise.

Attendance Policy

Absences must be reported to the course instructor via email or sent to info@brancheslearning.org. Class recordings are available upon requests.

Attendance and participation are part of the final grade. Students who miss more than 40% of live classes may fail the course. Exceptions may be made if a pre-approved plan is in place.

Late Work

Assignments turned in after the due date will result in a lower grade unless pre-approved by the instructor.
